

Turnkey Law Office Available In Class A Suite

Considering leaving your firm, but worried about setting up an office, hiring a secretary, and the other things that go into starting a new practice? We have you covered with a turnkey office with full support.

Situated on the 15th Floor of Emerald Plaza, this truly unique suite is built out to accommodate only 5 attorneys, creating an intimate law office setting. We have two offices to choose from (with or without full secretarial support and other perks) as well as a virtual office option.

This is NOT a cookie-cutter/generic “Executive Office Suite.” Rather, it is a custom-decorated, professional law office environment.
