

Cedar Georgevich

Senior Vice President | cedar@hughesmarino.com

Cedar Georgevich is passionate about delivering excellence to his clients through every interaction. As a senior vice president at Hughes Marino, a premier tenant representation firm, he takes a consultative approach to ensure his clients obtain the most successful commercial real estate transactions.

Prior to joining Hughes Marino, Cedar developed new business for Siegel+Gale, a leading global strategic branding firm. There he worked with Fortune 500 companies and played a key role in producing two of the west coast office's highest-grossing years. During his time at Siegel+Gale, Cedar learned that the most successful companies would build their brands from the inside-out, providing work environments that foster engagement and are aligned with their companies' culture and vision.

Originally from Vermont, Cedar studied at the University of Vermont and graduated with a degree in international business.

Cedar currently resides in West Hollywood. In his free time he enjoys tennis, playing the piano, traveling, and eating at LA's many "foodie" destinations.
